## A Note from Dea...

**Happy New Year!** Our year has already gotten off to a strong start with so many of you signing up for our tours with specials offered by our partners. The Douro River Cruise has an extension of the free airfare offer until February 28, and while some cabin types are limited, there are always cancellations and upgrades occurring. We will do everything we can to get you off the wait list and onto the ship, or we can book you on another sailing of the cruise, even though you will not be with Declan and myself. Booking through us ensures you will receive the same pricing and special offers, while also helping us when negotiating rates and specials with the cruise company going forward. We have also helped many of you with individual bookings through our partnership with Heartland Travel in Waterloo, IL. Connie Vogt has over 25 years of experience and she and her staff are always there to help.

**Speaking of Savings...** The lower exchange rate of the Euro has also allowed us to offer \$500 in savings off the original price of our Backroads of Ireland tour in April, and \$450 in savings on our Paris and Normandy Beach in June as long as the exchange rates stay low. Since we book group air, the airlines only allow us to hold the seats for a certain amount of time before the tour, and require us to release unused tickets. That is why if you sign up after the deadline, we will have to check to see the current pricing on tickets available on our same flights.

**Have You Met Maggie?** Many of you have had the chance to meet Maggie this past year, as she has been able to get out of the office more and see some of the wonderful places we visit! She has become an excellent tour leader as well as our office manager extraordinaire! Nancy S wrote a wonderful note about Maggie after she led a tour to the Lyceum, saying "I just wanted to tell you how much we enjoyed our trip to Arrow Rock yesterday. The show was spectacular and I'm still humming some of the songs. The food at the restaurant (Settlers Inn, Boonville, MO) was one of the best group meals we've ever had. From the salad to the fried chicken to the dessert, each course was delicious. I hope we go back there again. I actually thought it was better than any of the other restaurants we've been to at Arrow Rock. You did a great job escorting the tour group. Our friends Larry and Karen really enjoyed the trip also and I hope they join us again."

**Giving Back, AWTY Style:** Philanthropy is important to all three of us, and one that is particularly close to our hearts is Family Forward. Formed from the combination of Family Resource Center and Children's Home Society, they provide training for new foster parents and services for the children in the foster care system. One way we assist them is by collecting luggage for the children who enter the foster care system. When a child is removed from the home and placed into foster care, the social workers always need a container to put the child's clothes and toys into; unfortunately, this is often a trash bag due to lack of alternatives. By donating new or gently used luggage, the social worker now has the child place things into a bag or suitcase, and you have made a stressful situation a bit less overwhelming for a young person in need. **We are the official collection point for the luggage.** Over the past few years, we have collected duffel bags from golf tournaments, train cases for make-up and toiletries, and nice hard luggage that has been replaced due to checked bag restrictions, all of which has gone to help children in need. If you wish to donate new or gently used luggage, make sure the bags are clean and in working condition (especially zippers and buckles!). Contact us to let us know you will bring the bags on a vacation day tour or if you plan to drop them off at our office. We then take the luggage to Family Forward as needed, as your generosity has occasionally been too overwhelming for their small storage space!

**REAL ID is Coming Up Real Fast:** If you wish to fly domestically or enter military bases using your driver's license, you must have a REAL ID license starting October 1, 2020. If you do not have a REAL ID driver's license, you must use a passport, passport card, Global Entry Card or certain other military or government IDs in order to fly. Missouri has two options for driver's licenses, one that is REAL ID compliant and requires more documentation, and one that is not REAL ID compliant. Make sure that you are getting the correct license when you are at the DMV! REAL ID compliant licenses have a star on them.

Otherwise, you can still fly domestically on a passport, which also allows for international travel. A passport card is only for driving or sailing across the borders of Canada and Mexico, though we still strongly suggest having a passport in case you need to fly home in the middle of a tour due to illness. If you need to renew or apply for a passport, we highly recommend the Kirkwood Public Library, as they make the entire process easy and simple. If you live outside of St. Louis, there are many libraries that offer passport services in addition to the county clerk offices.

Thank you all for traveling with us. Please look over these tours, call to sign up and mark them on your calendar today. We look forward to seeing you on the road!

Dea!!

P.S. If you need a speaker for your next meeting, I am always willing to share the programs I have created for the St. Louis Community College, such as packing tips and how to avoid travel scams. Call Maggie to check my availability!

### **San Francisco and Wine Country - June 20-24, 2021**

All Bay View Rooms at the hip Hotel Zephyr, located on Fisherman's Wharf! \* City tour \* Optional Tours to Alcatraz at Night, Muir Woods & Sausalito and more! \* Price coming soon! 

**Who is Hurtigruten?** You will notice we are offering two tours with Hurtigruten, a company based in Norway with little US brand recognition. They offer two different types of cruises. The first is a Norway coastal cruise, which we scouted out in December and are offering in July, which is part cruise ship, part passenger ferry, and part supply ship for towns that are only accessible by water. We stop at almost 25 different ports, ending over 200 miles north of the Arctic Circle in the town of Kirkennes near the Russian border. Our ship is just one of 11 ships that cruise along the coast, a route they have done since 1893. We are excited about this unusual cruise experience like no other.

The second is Antarctica, a destination where many of you have expressed interest, but I have wavered on offering it until we found a company with a sturdy enough ship to cope with the ice. Hurtigruten has built ships specifically for the Antarctica, with hulls designed to withstand the most challenging ice flows. The hull is so strong, they can use them for direct landings, where the hull itself serves as a plank. These are NOT warm water ships sailing out of their element for a once a month cruise! I feel comfortable taking our group to Antarctica with Hurtigruten, especially since they are often called if anyone needs to be evacuated from the Antarctica Research Center!

## Sneaker Rating

### What the 's mean

The sneaker  rating is based on the tour's \*MOST\* difficult activity. A high rating may be due to a single activity, such as a home tour with no elevator, or a constant level of activity, such as a walking tour. If possible we will advise you of transportation alternatives, such as taxis, which would be at an additional cost to the traveler.

-  = Easy pace, dropped off near the door, mostly ramps or less than a flight of stairs
-  = Moderate pace, walking less than a city block, 1-2 flights of stairs, a few inclines
-  = Steady pace, walking several city blocks, more than 2 flights of stairs, some inclines
-  = Periods of intense pace, walking tour of a half mile, uneven terrain, some inclines.
-  = Periods of strenuous pace, walking tours of about a mile, rough terrain, steep incline

Most vacation days are 1 to 2 sneakers. Domestic overnights typically are 3 to 4 sneakers, but can be up to a 5 depending on the location. International tours usually range from 4 to 5 sneakers, with cruises on the lower end of the scale, while tours to undeveloped areas like our African Safari tours will be 5 sneakers. If you are unsure about the activity level of a tour, please call or email us..

## REMEMBER - ALL PRICES INCLUDE TRANSPORTATION, INCLUDING AIRFARE ON FLIGHT TOURS!

**Pricing for overnight tours is per person, double occ. Refer to full itinerary for Single/Triple/Quad pricing**

We always strive for accuracy in our catalog. However all dates, itineraries and prices in this catalog are subject to change based on uncontrollable circumstances. Notice will always be given prior to final payment.
